## Help businesses get further with Intel® server technology and earn up to 5,000 points!

Earn 3,000 points when purchasing three server products featuring Intel® Xeon® Processor E5-2600 v3 Family technology.

Add even more power to your data center by purchasing a maximum of two qualifying Intel® SSDs from the Data Center Family and you'll earn 1,000 points each! That's a grand total of 5,000 points.

### Qualifying products

#### Intel® Server Boards & Systems

Built on a foundation of industry leading, high-quality technology. Rigorous testing and extensive validation means reliable solutions you can trust.

#### Intel® RAID

Protect your data, increase your performance, and enhance your server availability with Intel® RAID. With three different levels of RAID, we have you covered.

#### Intel® SSD Data Center Family

With unprecedented pressure to maximize performance delivery, reduce power use, and lower operating costs, our Intel® Solid-State Drive Data Center Family holds the key with SATA and PCIe\* SSDs.

\*Qualifying Intel® Server Product and Data Center Family Intel® SSD SKUs only. Intel® Technology Provider program members must purchase three qualifying Intel® Server products to be eligible to receive additional points for purchasing qualifying Intel® Solid-State Drives.
