

COMCAST BUSINESS

THE COMCAST NETWORK

BUILT FOR BUSINESS.

Comcast was founded in 1963 as a single-system cable operator and now is the nation's largest with over \$62.5 billion in revenue in 2013. We are one of the nation's leading providers of information, communications and entertainment products and services with over 19 million Internet customers, 9.8 million digital voice customers, 22 million video customers and hundreds of thousands of business customers.

With over 126,000 employees, we currently serve 20 of the top Metropolitan Statistical Areas (MSAs) in the U.S. and provide service to customers in 39 states and the District of Columbia.

Our high-speed, high-capacity broadband and Ethernet services operate across our private, diverse enhanced fiber network. With over 140,000 national route miles of fiber, **our network is the largest facilities-based last mile alternative to the phone company.**

With the first and largest fully 40G backbone, and the deployment of the first 100G router interface, Comcast's advanced network delivers reliable and scalable services for businesses of any size.

With up to **6TB of Internet traffic per second**, the network handles...
