

Intel® 2 in 1 devices offer the ultimate learning and teaching platform.

Intel® 2 in 1 is a tablet when students want mobility and a laptop when students need PC performance.

Drive collaborative learning and teaching

Share classwork and interact with fellow students and teachers

Connect any hardware or peripheral easily

Attach a printer, camera, projector to the USB port for instant access

Get the best of both worlds

Easily switch from a laptop to a tablet with just a push of a button

Enjoy the flexibility and mobility of a tablet

Ideal for use on a field trip or to collect data for a science project

Get performance and productivity of a laptop

Create multimedia reports and presentations with ease

Get outstanding battery life

Teachers and Students enjoy all school-day learning without the worry to recharge

Learn more about how to leverage this opportunity and increase profits selling 2 in 1 devices in Education
