

DATASHEET

Imperva Partner Program Overview

Why join the Imperva Partner Program?

Because we recognize that having a vibrant, motivated and enabled channel is key to our mission of protecting the pulse of our customers business – data and applications – from cyber criminals. To that end, our strategy is to deliver a best-in-class channel program and organization to engage, incent, enable and accelerate our global channel partners to create a high growth, profitable and differentiated cybersecurity business.

With a broad portfolio of award-winning products that include SaaS and cloud offerings in addition to flexible licensing programs, partners can address new opportunities and grow their business faster. With rich margins, streamlined enablement and turnkey marketing programs, partners enjoy rewards that provide an outstanding return on their investment.

Advantages of partnering with Imperva

Imperva Partner Program enables partners to create a high growth, profitable and differentiated cybersecurity business with Imperva products that address cybersecurity threats on the premises and in the cloud. With a broad portfolio of award- winning products that include SaaS and cloud offerings in addition to flexible licensing programs, partners can address new opportunities to grow their business faster. The program features rich margins, streamlined enablement, and turnkey marketing programs to help partners realize an outstanding return on their investment.

WHY CHOOSE IMPERVA?

At Imperva, we believe that customers should never have to choose between innovating and protecting their business. We protect customers' data and applications, whether they operate on premises, in the cloud, or across multiple environments.

Our solutions take on 360-degree threat remediation, working actively from end to end to identify, evaluate, and eliminate threats before customers even see them to maximize uptime and keep their business moving forward. And for every threat that requires attention, we help customers take effective action, drawing from rich analytics to deliver complete visibility and actionable insights into the risks that matter.

- Imperva is a Leader in The Forrester Wave™: Web Application Firewalls, Q2 2018 with our cloud WAF solution.¹
- 2018 Imperva named a leader in the Gartner Magic Quadrant for Web Application Firewalls (WAF)², five years in a row.
- 2018 Gartner Peer Insights Customers' Choice for Web Application Firewalls.

Rich rewards and recognition

- Rich deal registration margins for partner-sourced deals.
- Market development funds and access to rebates and incentives.
- Not for Retail (NFR) software and equipment discounts.
- Renewal incumbency.
- Sales and pre-sales support resources partners need to compete and win.

The Imperva Partner Program offers four tiers based on a partner's performance and investment:

Platinum Partners demonstrate proven success in implementing and supporting the Imperva cybersecurity portfolio. These members exhibit a broad security industry background, maintain Imperva-certified technical resources on staff, and demonstrate a deep commitment to Imperva through their investments.

Gold Partners are committed to delivering superior cybersecurity solutions. These members have a strong industry background in security as well as working knowledge of Imperva solutions. Gold level partners are committed to higher levels of investment with Imperva and receive additional benefits.

Silver Partners command a strong knowledge in information security with demonstrated knowledge of specific Imperva solutions.

Associate is the entry-level tier for the Imperva Partner Program. With minimal requirements, this tier allows partners to easily get started building their Imperva business.
