A Seamless Experience for Phone, Meeting, and Messaging

All together, now.

GoTo Connect is a true unified solution that provides everything your customers need to communicate from anywhere including phone, meetings, chat, text, and contact center functionality in one single, intuitive application.

Consolidate

It's a headache to manage multiple products and vendors for communications and collaboration. With GoTo Connect, customers have one vendor and one bill for phone, meeting, and messaging plus affordable pricing that significantly reduces communications costs.

Connect how you want

No matter the business size, GoTo Connect's intuitive user interface and broad feature set gives them the tools to communicate and collaborate their way. See all their contacts in one spot and quickly toggle between calls, chat, texts, and meetings with a click.

Unlimited potential

GoTo Connect includes 100+ award winning features such as visual dial plan editor and real time analytics with 99.99% uptime. Your customers get up and running in no time with our intuitive platform and make changes on the fly from any device so you can easily customize your system as their business needs change.

Customer satisfaction

Improve customer experience with our outcome-based management Contact Center solution. Supervisors and agents can manage and simplify their work within the GoTo Connect application with robust features such as intelligent call routing and customizable dashboards.

Work from anywhere

GoTo Connect makes it easy to get work done from anywhere, anytime from any device. With mobile, web, and desktop applications, GoTo Connect helps maintain professionalism regardless of where your workforce is: at the desk, on the road, or at home.
