WHY HP DEVICE AS A SERVICE?

With HP DaaS, you get a complete hardware, support, analytics, and unified endpoint management solution with more predictable IT spending. Offload the time-consuming tasks of supporting, securing and managing multi-OS devices so you can focus on what moves your business forward. Reduce the complexity of purchasing with simple, flexible plans that make it easy to tailor to your specific business needs.

The right devices for the job

Choose a device and accessory mix that's as unique as your business, with a selection of PCs, notebooks, mobile and specialized devices.

Management with insight

Optimize assets and resources so you can focus on other priorities. HP puts its expertise to work for you with actionable analytics, insights, and proactive management.

Flexibility for your business

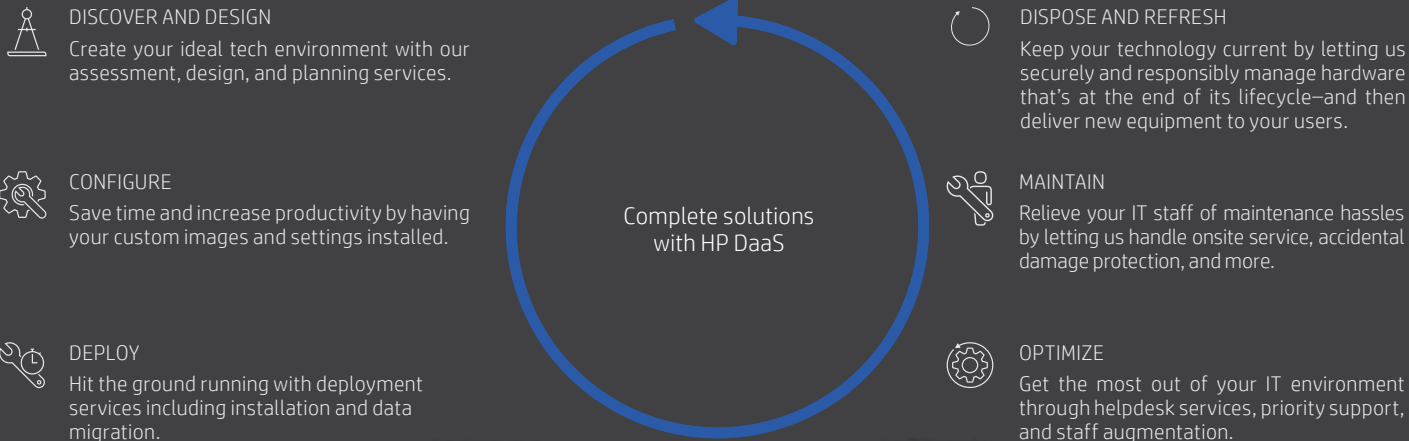

Simple, yet flexible plans that scale to your business needs. Tailor your agreement by adding lifecycle services to supplement your core plan.

IN PARTNERSHIP WITH HP, WE DELIVER:

- Broad product portfolio
- Extensive commercial experience
- Global footprint
- Expert support
- Multi-layered, enterprise-class HP security
- Convenience of a single price per device¹
- Next business day repair services plus accidental damage protection²

END-TO-END LIFECYCLE SERVICES

Our full portfolio of service options covers every phase of the end-user-device lifecycle—from start to finish—for HP devices and other brands. Our expert consultants will help you choose a program to optimize your technology investment.

ONE SERVICE, COMPLETE SOLUTIONS

By delivering hardware and services with a one-price-per-device plan and payment, HP Device as a Service provides more predictable cash flow and budgets, flexibility to adjust plans to your workforce needs, and enables you to allocate capital to other investments. We will work with you to determine the needs within your organization—from executives and office workers to road warriors and sales teams—to ensure you have the right plan in place.
